

## NHV Group – H175 Captain HHO

### Job Summary

Are you an experienced helicopter pilot with a passion for safety and efficiency? Join our team to execute both scheduled and unscheduled Helicopter Hoist Operations (HHO) flights. As a Helicopter Hoist Operations (HHO) Pilot, you will perform flights in the most cost-effective and safe manner, adhering to aviation regulations and our company's high standards. You will travel between bases in the Netherlands, Germany, Belgium, Denmark and Poland.

### Responsibilities & areas

- Technically prepare flights, including route planning, fuel checks, and helicopter inspections.
- Ensure all administrative tasks are completed pre- and post-flight (ATL, Arion, Crew Portal, Mission reports, Calcultechlog).
- Report any incidents or technical issues at the end of the flight.
- Follow safety rules, taking into account the constraints of the helicopter and ensuring the safety of your colleagues and our customers.
- Verify that all safety systems are functional.
- Adhere to NHV procedures and the Flight Operations Manual.
- Deliver a high level of customer service.
- Perform additional flying duties as assigned.
- Understand the client's business needs under the guidance of the Base Manager.
- Stay up-to-date with national and international air legislation, aviation practices, and local procedures.
- Maintain familiarity with NHV's Operations Manual and other relevant manuals and instructions.
- Uphold crew discipline, conduct, and professional appearance.
- Execute flight duties in line with NHV's SOPs, limitations, and performance standards for the assigned helicopter type.
- Handle tasks related to offshore operations as delegated by the Base Manager.
- Lead by example, fostering a team spirit among colleagues.
- Adhere to the company's code of conduct, Drugs & Alcohol policy, and respect for the local culture and environment.

### Skills & experience

EASA ATPL(H) License

Valid EASA Class 1 Medical Certificate

Valid EASA IFR (H) Multi-Engine Rating

**Type Rating:** H175

**Flight Experience:**

- 1000 flight hours on rotary wing aircraft
- 1000 hours as Pilot-in-Command (PIC)
- 200 hours of relevant HHO experience
- 50 offshore hoist cycles completed

**Work permit** allowing you to work in the EU.

**Languages:** English Proficiency Level 4

**Solid ICT skills**, including aviation software and administrative programs.

Strong knowledge of operational, quality, and safety procedures.

Flexible team player with a customer-focused, results-driven attitude.

Willingness to work in challenging environments

We only consider candidates with the required qualifications and licenses. Proof of these must be added.

You must have a work permit allowing you to work in the EU.

## What we offer

You'll join a dynamic and vibrant company where your skills and expertise are valued. We offer a competitive salary package complemented by attractive extra-legal benefits. This is a great opportunity to further expand your knowledge and develop your skillset.
